MEKA Compact Concrete Plants

The MEKA range of compact concrete batching plants are designed for quick and easy erection and simple transportation. All MEKA compact concrete plants are designed and built to the highest standards, using only superior quality materials and components, to provide a robust and semi mobile solution for all your concrete production requirements.

Some of our compact models are designed to fit into 40FT OT containers and some parts are partially container itself.

We are continuously developing in order to provide the most convenient, economical and easy to transport solutions for temporary needs.

On the other hand, we take care about our customers' installation expenses and offer solutions to lower civil works on site with our steel frame foundations for main structures and silos.

Why C-60 Compact Concrete Batching Plant?

- ▶ Fast Site Erection and Setup
- ▶ No or minimum concrete foundation required
- ▶ Minimum space requirements due to skip hoist design
- ▶ Efficient energy consumption
- ▶ Hardwearing Mixer Linings
- ▶ Designed in conjunction with international transport standards
- ▶ Factory wired, plumbed and tested
- ▶ Operating cost efficient design
- ▶ Separated in-line aggregate bin

Technical Specifications

Specification	Value
Capacity	60 m ³ /hr
Mixer Type	Single Shaft
Mixer Capacity (compact)	1 m ³
Motor Power	37 kW
Aggregate Compartments	3 - 4 No.

Specification	Value
Mixer Feeding	Skip Hoist
Aggregate Weighing Capacity	2.200 kg
Cement Weighing Capacity	500 kg
Water Weighing Capacity	250 kg
Additives Weighing Capacity	Optional

About Meka

MEKA is a professional enterprise focused only on manufacturing of concrete batching plants. Being a fast-growing Turkish manufacturer that provides a complete scope of services such as identifying its customer's needs, project planning, design, engineering, production, quality control, commissioning, personnel training and after-sales support, MEKA is on its way to becoming a global brand.

MEKA is committed to the principle of perfection in all its products and services presented to its customers. Providing its customers with information before sales, conducting a need analysis and after-sales support are all the services given within the framework of the principle of perfection, thus making MEKA the "reliable partner" of its customers.

MEKA: Leader in Europe In Terms of Manufacturing Force

MEKA is progressing with strong steps towards becoming a global leader with 300 personnel, 30 engineers and 3 manufacturing facilities (at Ostim/Ankara – 5.000 m², Temelli/Ankara- 18.000 m², Eskisehir – 30.000 m²) equipped with advanced technological infrastructure providing its annual production capacity of 250 concrete batching plants.
